Subject: RE: Request from Ottawa Police Service

I had flagged to the DCFO's office, that we are in the process of iron out the specific requirements associated with the ask, and that consultations were underway with LSU in terms of codifying this in an MOU. This is a broader discussion than just bodies... it's the logistics and support pieces that need to be ironed out.

Just spoke with Radio Workshop, we have two solutions- s.37

s.37 which would require OPS support.

At this time we have 8 OPS radios on hand s.37 PRU Watch
Commander has these under his purview.

We have 50 additional radios on hand that could support a deployment but we would need to initiate one of the patch solutions identified above.

This went directly to the NCRCC and to Rich Rollings.

They are already reaching in for our members.

Sir,

I think this should have gone to you.

Matt – I know this is on the radar but not our call right now.

Good Morning EA Voitel,

I am reaching out to you this morning to receive an update on the email request below for the support of sworn RCMP members to assist with the Freedom Convoy event occurring in Ottawa. Please see the information below that our OPS Chief Sloly made to Commissioner Lucki for his request of the support of 50 members. Would it be possible for you to follow-up with your organization for the contact person that can provide an update on the requested support asked by Chief Sloly. I am trying to confirm the number of officers available for assignment.

We are currently working on the MOU and the Special Constable application form at the ready to support the swearing-in of the members as necessary.

I can be reached at [Irrelevant] if you require more information.

Thank you,

Amy

Thank you Commissioner Lucki

I appreciate your ongoing support.

My team will address your concerns and complete the MOU.

Best regards,

ps

Chief Sloly,

I have reviewed your request for assistance with my management team. As I am sure you can understand, the RCMP is experiencing a draw on our resources not only in the National Capital Region, but across the country as we respond to the solidarity protests taking place.

At present, all of our Public Order Units are actively deployed and I am not in a position to be able to redirect any teams to Ottawa.

While the RCMP is experiencing significant resource challenges at this time, I have asked my management team to continue to explore the possibility of providing some or all of the other 50 resources you requested. I hope to be able to get back to you shortly in that regard.

One challenge that will need to be addressed should we be able to identify the requested resources is that RCMP members do not have authority to enforce provincial legislation or municipal bylaws in Ontario, nor does the RCMP have the mandate to respond to general policing calls for regular enforcement of the *Criminal Code* in Ontario. As such, we would need your assistance to ensure our members are properly designated under the *Ontario Police Services Act*.

I appreciate your offer to enter into an MOU, as this would also be necessary to support any deployment.

Kindest regards,

Brenda

Commissioner/Commissaire

Commissioner Lucki,

With the ongoing situation with the trucker demonstration, I am seeking your assistance in providing resources to assist the Ottawa Police with our operational plan.

We would require 50 uniform members who would be able to frontline/traffic requirements;

We would require a level of leadership for the RCMP members (such as a Corporal or Sgt.) who would be able to provide support for their teams;

We would also require 3 Public Order Units.

I am hopeful that the RCMP can assist us with this request. We would be willing to engage into a Memorandum of Understanding (MOU) with the RCMP if you require.

The OPS point of contact is Inspector Debbie Palmer at palmerd@ottawapolice.ca

Thank you for your consideration to this request.

ps
